Herewith I apply for the freeing from the compulsory insurance in the pension scheme within the scope of my slightly paid employment and renounce with it the acquisition of compulsory contribution times. I have taken note of the tips on the "leaflet about the possible results of a freeing from the pension scheme duty".

To me is know that the freeing application for everybody of me is valid at the same time for exercised slightly paid employments and is binding for the duration of the employments; a talking back is not possible. I commit myself, all other employers whit whom I exercise a slightly paid employment to inform about this freeing application.
